Unlike any other sector the automotive industry is representative of innovation, progress and mobility in contemporary society. Smooth production processes and ultra-modern systems engineering guarantee first-class products. The positive image of your brand is the deciding factor in the competitive international market. Quality and safety standards to protect mankind and environment have priority. You are equally demanding when planning your industrial flooring – especially for areas that need to be silicon-free. The MC flooring concept provides the ideal solution – guaranteed!

## Protection, refinement and asset preservation of your industrial flooring

### MC-DUR 2052 AM

The Coating System for the Automotive Industry

#### System Benefits

- silicone free
- easy to clean
- suitable for asphalt substrates, too
- slip-resistance adjustable
- great colour variety
- waterproof
- solvent-free
- seamless, level and pore-free

### Specific requirements demand specific solutions!

For your floor areas, that are subject to particularly heavy loads (warehouse, loading), capitalise on our extremely hard-wearing flooring system. In case you want to create a particularly appealing look for areas that need to impress your clients, MC provides decorative flooring systems that combine aesthetics with outstanding functionality.
