There is hardly another industry sector that is as synonymous with such a high degree of specialisation, quality consciousness and innovation as the pharmaceutical industry. Peoples' health and well-being are at the heart of your operations. Thus you demand the highest standards in tidiness, cleanness, safety and functionality with regard to your industrial flooring. In critical areas of your production chain you require flooring systems that offer an optimum in ease of decontamination, disinfection or conductivity of the floor. For all these requirements of the pharmaceutical industry MC provides the ideal solution.

Protection, refinement and asset preservation of your industrial flooring

MC-Durofloor

The Coating System for the Pharmaceutical Industry

Certified Safety

- easy to clean and to disinfect
- highly resistant to mechanical and chemical stress
- easy to decontaminate
- physiologically harmless
- flame-resistant
- slip-resistance adjustable

System Benefits

- gloss or matt surfaces
- great colour variety
- conductivity adjustable
- solvent-free
- waterproof
- seamless, level and pore-free

Specific requirements demand specific solutions!

Your floor needs to withstand strong stresses through aggressive chemicals? Choose our specially developed flooring system which withstands these stresses. You want to avoid long production downtime during modernisation, repair or conversion works? Take advantage of the time-saving, rapidly hardening floor coating that can be used the next day!
